Mr. Joshua Lederberg
507 Eugenia Avenue
Madison 5, Wisconsin

Dear Mr. Lederberg:

Thank you very much for your warm congratulatory letter and your good wishes for a successful administration. I am sorry that at the time the state gained a Democratic governor it lost a Nobel scientist. I hope that you will enjoy your new position at Stanford.

I certainly agree with your comments about the value of safety belts, and I will give this matter my personal attention.

Sincerely yours,

GAYLORD A. NELSON
Governor
